A REGIONAL CASE CONFERENCE ON THE CSC:  
MAINSTREAMING SAC IN EI

17-18 JULY 2012

## *Going COMMUNITY*

- **Governance of EI is GLOBAL**
- **Prices dictated by the global economy and market**
- **Extractives products are 'basics' for the conveniences of modern living (mostly of those in the Northern countries)**
- **Resource Curse is local**
- **At whose costs are the impacts?**
  - Environmental costs
  - Social dislocation
  - Economic risks (e.g., the Dutch disease, poverty incidences high in host communities)

## *CSOs as intermediaries*

**... in mainstreaming Social Accountability**

**... in facilitating constructive engagement**

**... in capacitating communities**

## Improvements to tool box
